TD

Welcome to *Money Matters*!

Money Matters is a free introductory financial literacy program for adult learners. The program offers free resources, workshops, and online courses to help learners increase their confidence to better manage their finances.

The program offers a flexible approach to financial learning and offers:

- **Resources** on topics including: spending plans, banking basics, borrowing money, ways to save, smart shopping, building credit and home buying.
- **Courses** on an online learning platform for learners to complete at their own pace.
- **Hands-on** financial learning workshops and printed resources for workshop participants.

Host a workshop in your community!

Educators can bring financial literacy programming to their community by hosting a workshop. Workshops can be held virtually or in person. You can choose to run as many workshops as you'd like. Workshops are delivered by your staff or with the help of TD Bank Group volunteer-tutors. *Money Matters* is completely introductory, so you don't need to have a lot of financial education to deliver workshops.

Visit abcmoneymatters.ca and sign up on the Host a Workshop page. You will be connected with a program coordinator to get started. When you sign up, you will also have access to:

- **Printed resources** for learners participating in your workshop.
- Online **facilitator training**.
- **An honorarium** of $50 for each workshop delivered.
